Hey there! Congrats on your engagement!

You're probably overwhelmed with all the wedding information out there, but don't worry - you're not alone. We are here to help you document one of the biggest days of your life so you have beautiful memories for years and years to come.

The information in this guide is meant to help you through all of your videography-related questions so you can relax and get excited for your big day.

If you still have questions, please don't hesitate to text, call, or shoot me an email!

*xo*

*Peta*

Peta did our wedding video this year past and it is absolutely amazing. She captured beautiful moments I didn't get to see being a busy bride. Watching the video makes me feel like I'm right there in the moment again. I cried more happy tears watching it then I did on our wedding day! I love her work and attention to detail.

- Sam & Hal

## MEET PETA

I'm Peta, the owner of Passage Media Co. I love being able to create everlasting memories that you can keep forever in the form of motion picture.

I've been capturing special memories for as long as I can remember. There isn't a day that goes by that I don't have my camera and tripod in-tow.

I grew up in sunny Queensland, Australia, and have always loved creating heartfelt videos to preserve memories for a lifetime. I started documenting weddings, christenings, holidays, and special events of friends and family members to build up my portfolio in 2019.

In 2020, I moved to Canada and started my own photography and videography business. I am very excited that you are thinking about capturing your day on film, and I'm hoping this guide helps.

---

Peta is exceptional at what she does. She did our elopement photos and they are magical. My husband and I are both extremely awkward in front of the camera, and Peta was spectacular and took genuine and beautiful photos that captured everything I hoped for. I would highly recommend Peta for all things photography and videography — she is amazing.

*Natalie & Morgan*

## YOU HAVE QUESTIONS

---

### **What sets you apart from other videographers?**

I endeavour to create unique and meaningful films, that capture the feeling of the day and ensure that the memories are preserved for a lifetime.

### **What equipment do you use?**

I use Sony mirrorless cameras with a number of fancy interchangeable lenses. I will usually have one set up on a tripod, while I move about with another on my handheld gimbal. I will mic up the groom with my RodeGo II wireless mic, as well as the officiant, to get that crispy clean audio. If you would like to have a birds eye view of your special day, drone footage is an optional extra.

### **Q: Can we meet up before the wedding?**

Of course! I'd love to get to know your love story. Every package includes a pre-wedding consultation so that we can all get to know each other and make sure we cover all bases and tell YOUR story. Engagement sessions are also a great way to get comfortable in front of a camera and test out all those lovey dovey poses.

### **I don't see a package that suits my wedding, do you do custom quotes?**

1000%. Tell me what you want, and I will create a custom package to suit your wedding day needs.

### **When will we be able to see the finished product?**

You can expect the full completed polished video a few months after the wedding. Photos are a little quicker. I take pride in making sure the photos and wedding videos I create are special and meaningful, and reflect the individuality of each couple, which takes time and patience my friends.

## WE HAVE ANSWERS

---

### **Can we have the raw footage?**

I offer a Wedding Home Video In the 'Memoir' Wedding package, or as an add on to the Essential or Keepsake Package. This presents the raw footage in a much more enjoyable format, that is chronologically sequenced for your viewing pleasure.

### **Who picks the music?**

We subscribe to various royalty-free music libraries and generally choose for you. I make sure the music fits the couple and the vibe of the day, every video I make is a one of a kind.

### **Will my film be posted publicly on your site or social media?**

I respect your privacy and allow each client to decide whether or not they want their videos displayed publicly. I'd love to share your special day, if you're game!  
If not, that's okay, too.

### **Do you do destination weddings?**

Absofreakinlutely! I'm always up for an adventure.  
Shoot me a message and we can come up with a customised package for you.

### **How do we reserve our wedding date?**

Yeah baby, lets do this!  
A 50% deposit & signed contract is required in order to get your wedding day on the calendar. The remainder of your balance is due two weeks prior to your wedding day.
